life is a voyage
in which we choose
neither vessel nor weather.

On Education

He always wanted to explain things.

But no one cared.

So he drew.

Sometimes he would draw and it wasn't anything.

He wanted to carve it in stone or write it in the sky.

And it would be only him and the sky and the things inside
him that needed saying.

And it was after that he drew the picture.

• It was a beautiful picture.

He kept it under his pillow and would let no one see it.

And he would look at it every night and think about it.

And when it was dark, and his eyes were closed, he could
still see it.

And it was all of him.

And he loved it.

When he started school he brought it with him.

Not to show anyone, but just to have it with him like a friend.

It was funny about school.

He sat in a square, brown desk

And he thought it should be red.

And his room was a square, brown room,

Like all the other rooms.

And it was tight and close.

And stiff,

He hated to hold the pencil and chalk

With his arm stiff and his feet flat on the floor,

Stiff,

With the teacher watching and watching.

The teacher came and spoke to him.

She told him to wear a tie like all the other boys.

He said he didn't like them.

And she said it didn't matter!

After that they drew.

And he drew all yellow and it was the way he felt about morning.

And it was beautiful.

The teacher came and smiled at him.

"What's this?" she said. "Why don't you draw something like
Ken's drawing? Isn't that beautiful?"

After that his mother bought him a tie.

And he always drew airplanes and rocketships like everyone else.

And he threw the old picture away.

And then he lay alone looking at the sky,

It was big and blue and all of everything,

But he wasn't anymore.

He was square inside

And brown,

And his hands were stiff.

And he was like everyone else.

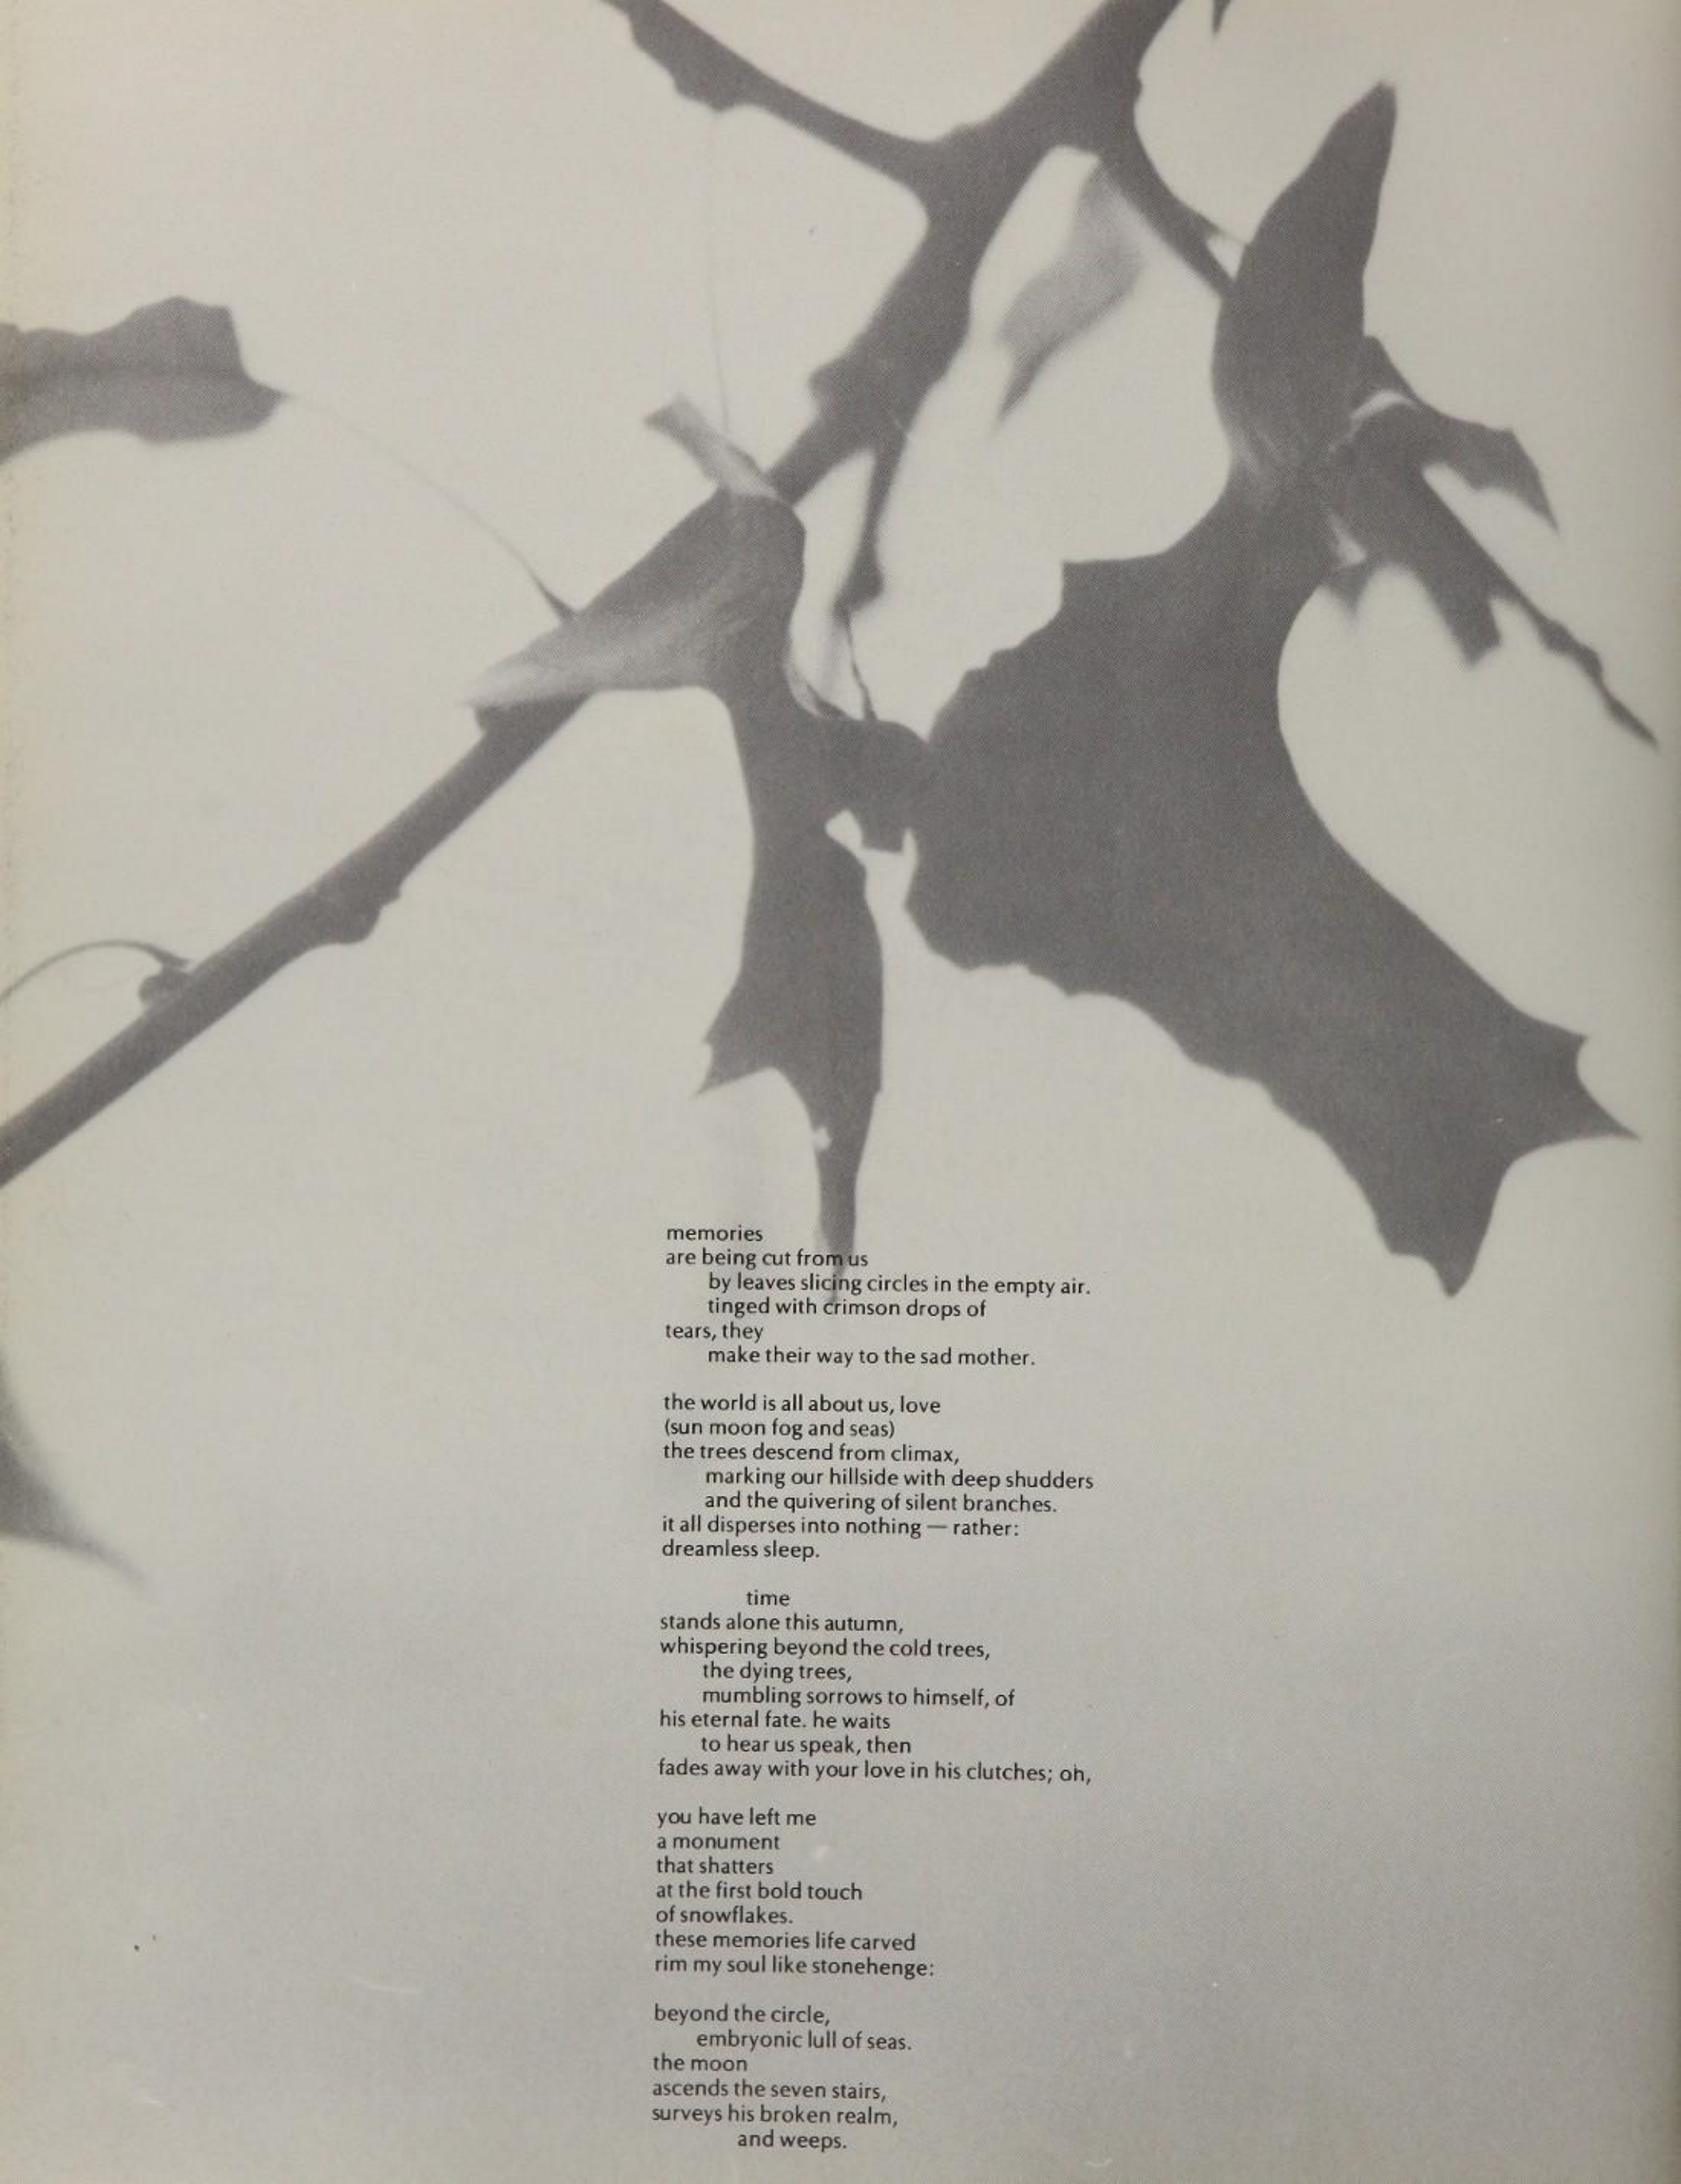

And the things inside him that needed saying didn't need it anymore.

It was crushed.

Stiff.

Like everything else.

memories
are being cut from us
by leaves slicing circles in the empty air,
tinged with crimson drops of
tears, they
make their way to the sad mother.

the world is all about us, love
(sun moon fog and seas)
the trees descend from climax,
marking our hillside with deep shudders
and the quivering of silent branches.
it all disperses into nothing — rather:
dreamless sleep.

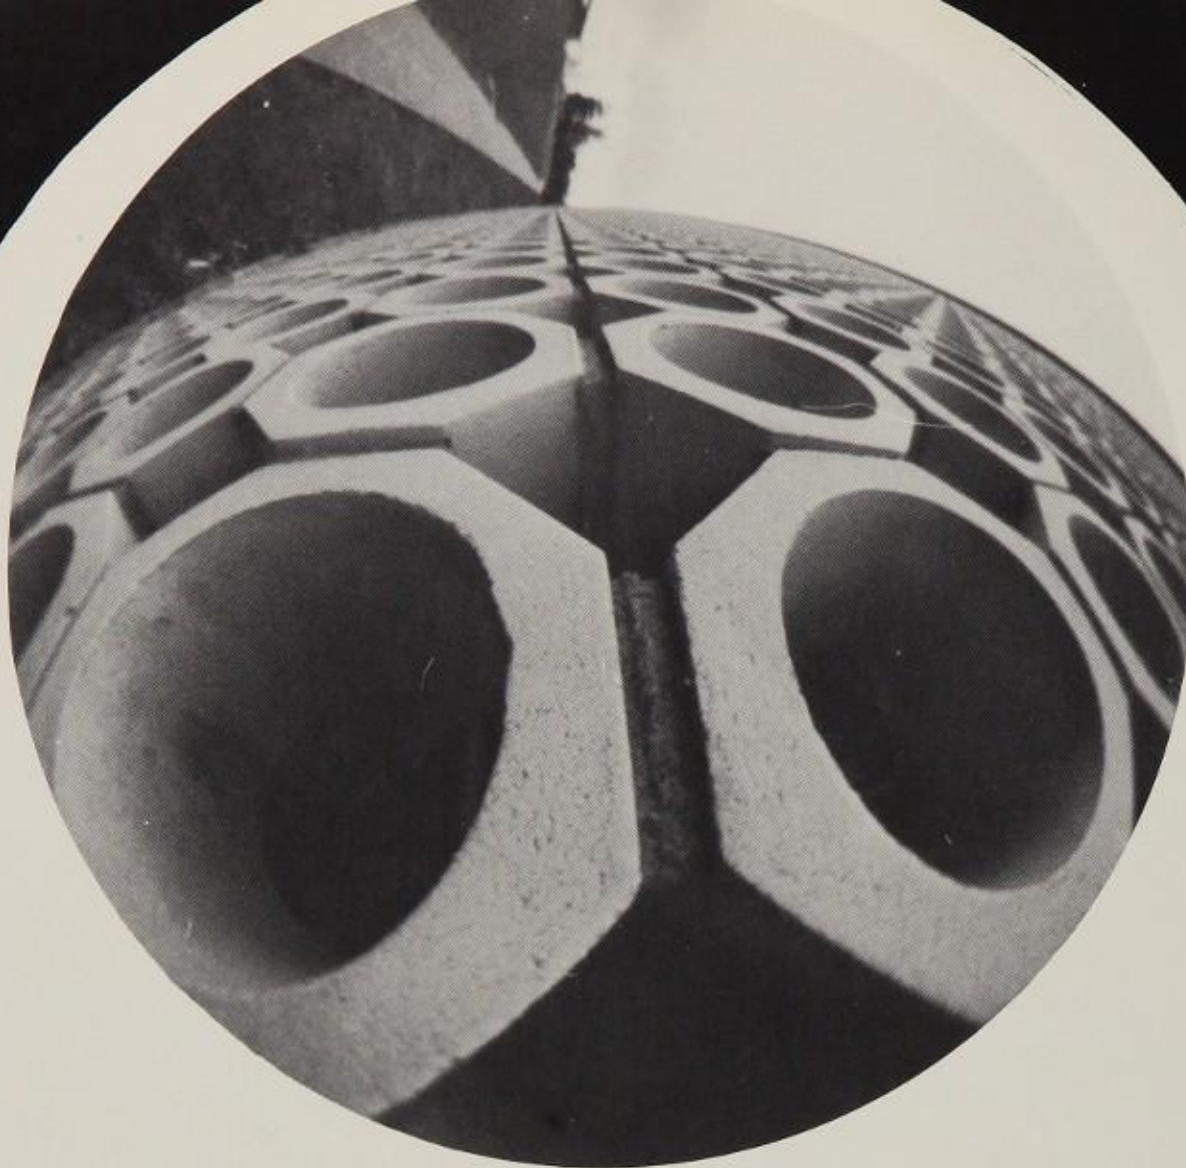

time
stands alone this autumn,
whispering beyond the cold trees,
the dying trees,
mumbling sorrows to himself, of
his eternal fate. he waits
to hear us speak, then
fades away with your love in his clutches; oh,

you have left me
a monument
that shatters
at the first bold touch
of snowflakes.
these memories life carved
rim my soul like stonehenge:

beyond the circle,
embryonic lull of seas.
the moon
ascends the seven stairs,
surveys his broken realm,
and weeps.

if you have learned to walk
a little more sure-footedly than i,
be patient with my stumbling then
and know that only as i do my best to try,
may i attain the goal
for which we both are striving.

unique

the earth is one planet;
one in a universe of planets;
it is like the others;
it is different than all the others;
it is not large in size;
but within itself it is huge;
to itself it is important;
more than any other planet:
for it is unique.

and you are one person;
one in a multitude of people;
you are like all the others;
you are different from all the others;
you are not large in size;
but within yourself you are huge;
to yourself you are important;
more than any other person:
for you are unique.

and everything is one;
one in many of its kind;
they are like all of their kind;
yet they are different from their kind;
they are not large in size;
but within themselves they are huge;
to themselves they are important;
more than any of their kind:
for each is unique.

I never forget a
face, but in your
case I'll make an
exception.

— Groucho Marx

A fool is one who
builds his life on hope
and dreams.
But what is a person
who cannot dream
and has no hope?
He is nothing.
Does this not make
all men either
fools or nothing?
Voltaire

No bird soars

Peace,

Sam Cherie

Do not let your

you by.

For you never miss
the water till the
well runs dry.

— Rowland Hazard

The purpose of

provide everyone
with the opportunity
to learn how
best he may

Henry,
I don't know exactly what to say. I don't really know you that well. However, Brana taught me a little about you, so I guess I'll say you're an D.K. kid. I would wish you all the luck in the world, yet that leaves nothing for anyone else, so I'll just wish you strength to get over the bumpy patches in life's road.
Love? Luke

Barb Roelchen

Geni!

Wow! this year has really
been bad, this school is so
much like a prison, but it's
people like you that make it
enjoyable.

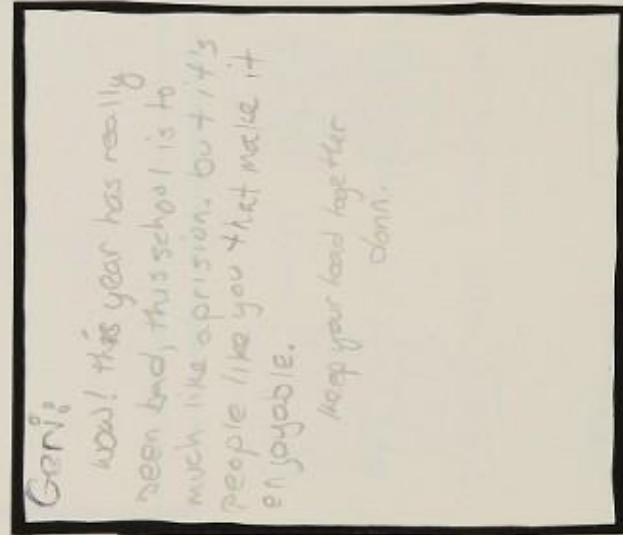

Keep your head together
don't.

To sense is to live
life - for what would
you know of your life
if you could not see,
hear, touch, smell, or
taste? That is all there
is - five windows to the
world - to life. If
you lose life, and
respect it, guard your
windows. They are
your life.

WEDNESDAY

Within
you
there is a
stillness
and
an uncertainty
to which
you can
retreat
at any time
and
be
yourself.

Hermann Hesse

YOU WALK DOWN A
LONG, EMPTY CORRIDOR,
FULL OF EMPTY
FACES; MIRRORS OF
IMAGES UNKNOWN...

AND YOU STOP
AND WONDER,
WHERE ARE THOSE
THAT I HAVE KNOWN,
WHERE AM I?

BUT NO-ONE
ANSWERS, AND
SUDDENLY,
YOU FIND YOURSELF
A
PART
OF THE
PAST...

things he would

WOOD-END

The material in this book has been collected over a long period time. Many of the original sources are unknown to the staff. The staff wishes to acknowledge the original authors, wherever they may be, but has confidence that they would urge with us,

"Do not inquire as to who said this, but pay attention to what is said."

and he laughed...

The man walked down the street dressed in a suit carrying a case and thinking of the important things

and he stopped laughing...

and the lady sat in her kitchen her hair still in curlers the phone in hand

talking about the neighbors

and the local gossip being housewifely tasks

and he started to frown...

as the girls walked to school dressed in Sunday best

burying comb and talking about friends and boyfriends

in a vicious circle of trivial schoolgirl talk

and he started to cry...

as the little boys ran around the yard

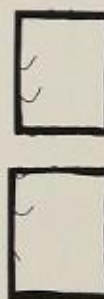

dressed as cowboys and indians with guns in hand

shooting each other and pretending to kill each other and

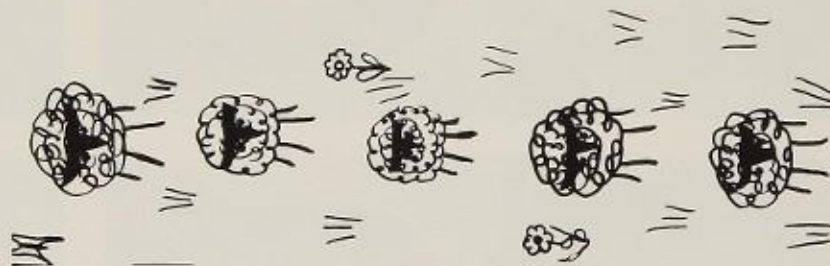

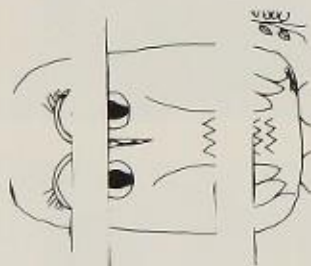

the

having children's fun and he gave up

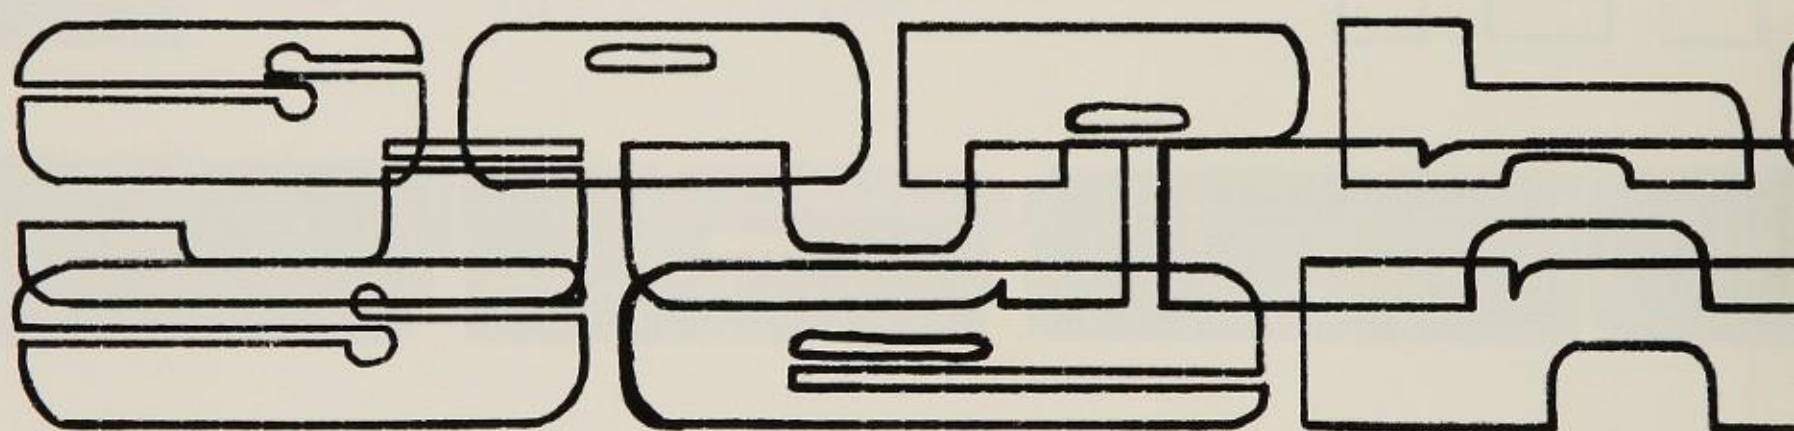

and he gave up

Gerry,

God did not create
woman from man's head,
that he should command her,

Nor from his feet
that she should be his slave,
But rather from his side,
that she should
be near his heart.

Be of good cheer in all
you do. Thank you for
your friendship. Good luck.

No man is an Island, intire of it selfe; every man is a piece of the
Continent, a part of the maine; if a Clod bee washed away by the
Sea, Europe is the lesse, as well as if a Promontorie were, as well as
if a Mannor of thy friends or of thine owne were; any mans death
diminishes me, because I am involved in Mankinde; And there-
fore never send to know for whom the bell tolls; It tolls for thee.

John Donne

Derry,
I've really gotten
to know you better
in french this year

Jeri,
It's been really
knowing you this year;
I really am glad we had
together this year. This has
been a different year. Remember how cold
it got. Like you really want to remember.
I really am glad you were in the "One Act".
together that was fun. You are a really
great person; Hope you have a really
great summer. So see you. I am sure
I won't ever forget the time we double dated that
was fun we'll have to do it again sometime.
Love ya
Sharon

Jeri ^{one of} the best supporting actresses I have to be equal, don't I?
in Mr. Flannery's Ocean & The One Act & the whole
year

You're a very special someone to remember in
my life because you helped me so much in "Mr. Flannery's
Ocean". And, too, you suffered and sweated through my
slave-diving meanness. Thanks!! You really did
a great job in the play and I'll never, never forget
you." I declare I had a blast and I hope you did, too.
I wish we could get together this summer and get everyone
in the play to come to my house and swim. I'm so glad
I got a chance to know you. Even though it's all over, it's
still

from. i wish i could explain how i
feel but it is really hard to
do, you really touched me,
helped me when i needed help,
shit i just cant write the
more. i'll just have to
talk to you and write
later
very

to fear a
great year know
you up at M. Char.
you helped make or unbean
class, bearable (Victory). See you
this summer + hope you get a good
at 5 it 5 logs. Keep that friendly smile
+ outgoing personality and you will always
have a good time.
